Welcome to The Book Cover Co

The Book Cover Co is a family owned, Australian business, specialising in the manufacture and supply of quality library supplies and associated products. These include book covering materials, adhesive tapes, printer labels, laminating film and other items.

We began in 2000, with a small range of products, and have continued to improve the quality of products on offer as well as increase the range of goods we have. Taking pride in quality and innovation, we strive to supply the best quality materials on the market at competitive rates, with fast and friendly service.

We're always happy to hear from you, and we'll be happy to help with any questions you may have. If you're looking for a related product or service which we don't offer, we may be able to help you locate it.

We'd love the chance to become your local supplier. All orders are guaranteed to meet your satisfaction, or they can be replaced or refunded.

We look forward to hearing from you

Tom & The Team at The Book Cover Co.

Quick Guide

Quick guide to our book covering products

Adhesive Covers

Plascote	Self Adhesive covering film, standard thicknesses.
Flexicote	Super thick semi rigid film, supplied in sheets.

Non Adhesive Covers

Centurion	Durable 100 micron PVC film, gloss or matt finish.
Unifold	Dust jacket sleeving in PVC or Polypropylene.
Profold	Archival Polypropylene film.
Slip On Covers	Pre-made covers to suit most sizes of book.

*If you're not sure which product you need, a guide for choosing the right covering is on **Page 11**.*

Comparing Prices

When comparing prices of book covering rolls from different suppliers, there are some factors that need to be considered to get an accurate comparison. Due to the variety of widths, lengths and grades of covering material on the market, it is easy to make an inaccurate comparison between two products. What may seem like a saving at first may actually be dearer.

Roll Length

Many lengths of roll are advertised, these include 5M, 15M, 20M, 22.5M and 50M. Be sure to compare rolls of the same length, or calculate price per meter for rolls of the same width.

Roll width?

Make sure the rolls are the same width, confusion can be found when rolls are measured in CM, MM, and sometimes inches.

GST Inclusive?

Although all listed prices are meant to have GST, we have encountered book covering advertised without GST included, which gives a false impression of a lower price.

Thickness of plastic?

Much of the cost of self adhesive covering is in the clear plastic film. A variety of thicknesses are available, and it is important to compare covering of the same thickness to get a true idea of the comparative prices as a thin grade of plastic will be cheaper per roll but may not be of the quality you require.

Crunching the numbers

In this example, the 15M roll is \$3 cheaper per roll, but \$0.15 per meter more expensive.

Roll Dimensions	Price	Price ÷ Length = Price per meter
300mm x 15M	\$18.50 =	\$18.50 ÷ 15 = \$1.23
300mm x 20M	\$21.50 =	\$21.50 ÷ 20 = \$1.08

Adhesive Coverings

Plascote Self Adhesive Book Covering

Plascote self adhesive book covering film is a commonly used form of permanent covering. It protects, reinforces and enhances your books, greatly improving their durability.

Delayed Bond adhesive gives you time to smooth out wrinkles and remove bubbles before the film bonds permanently to the book, allowing you to achieve a perfect result every time.

A wide range of sizes are available, from 75mm to 900mm. Using a roll close to the size of your book prevents wastage, saving money and material.

Available in 90 or 110 micron thick film with a gloss finish, or 80 micron with a low sheen satin finish.

Plascote 90

Satin or Gloss finish	20 Meter	50 Meter
Plascote 90 - 75mm	\$ 7.30	\$ 17.50

Flexicote 250 micron Semi rigid covering

Flexicote is a 250micron thick polyester adhesive film, designed to add rigidity to covers.

Application of Flexicote is quick and easy. Simply stick one sheet to the front, and one to the back of a book, then trim any excess. To finish the book, a strip of Plascote or similar self adhesive is often applied across the spine of the book. Flexicote can also be applied to the inside cover of a book to add rigidity.

Flexicote 250 micron sheets

Semi rigid cover	10 pack	100 pack
Size 1 - 150mm x 220mm	\$1.35	\$12.75
Size 2 - 210mm x 297mm	\$1.70	\$15.80
Size 3 - 240mm x 315mm	\$2.25	\$21.00
Size 4 - 297mm x 420mm	\$2.55	\$23.00

Laminating Film

Roll Laminating Film

Premium quality laminating film on rolls to suit a range of roll-fed laminating machines.

This film is designed to provide long lasting enhancement and protection to your laminated items without the problems that can occur with cheap films, such as wrinkling and poor adhesion.

Available in a range of widths, other sizes available, please call for availability and sizes.

Roll Laminating film - 80 micron
Price per roll (2 rolls required)

530mm x 100M	\$ 52.00
790mm x 100M	\$ 79.20
1020mm x 100M	\$ 99.50

*Are you uncertain about how to reload your laminator? Would you like some free training or a service of your laminator?
Contact us for more information.*

Pouch Laminating Film

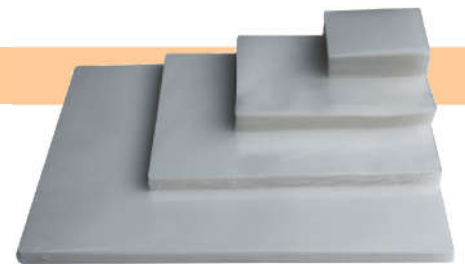

Premium quality pouch laminating film for use with A4 and A3 pouch laminators. We can supply a wide range of sizes, to suit small cards up to A3.

Available in a range of sizes and thicknesses, many sizes are available. If you require a size we don't show here, please contact us.

All prices are for packets of 100 pouches.

80 micron pouches

A5	\$ 11.00

Laminator Servicing / instruction sessions

We have decades of experience with a range of laminating machines, from small pouch laminators to large roll fed laminators.

If you have a technical problem with your laminator, please get in touch as we offer full servicing of many types.

If you have a roll fed laminator but are unsure how to use it, or need staff training, please contact us as we can provide on site training for you.

Non Adhesive Covers

Prices current as of August 2016.
All prices shown include GST

Non adhesive covers are designed to protect a book while remaining removable. In most applications there is no adhesive in direct contact with the book itself, which means a damaged cover may be replaced.

Centurion PVC Book Covering Film

Centurion covering is a range of high quality, 100 micron thick PVC book covering plastic. It is available in **Gloss** or **Matt** finish, and in a wide range of widths. Roll lengths are **25M, 50M** or **100M**.

Centurion is highly versatile as it can be used to cover hardcover and softcover books, as well as other general uses, for example as a protective film for surfaces or for crafts. Low odour and

Pro-Lene Acid Free Book Covering Film

Pro-Lene is a crystal clear, non adhesive, acid free polypropylene film, which will enhance the appearance of your books while offering long lasting protection to your valued books.

Pro-Lene can be used to cover any type of book. It is highly resistant to handling damage, stains and shrinkage. It won't yellow with age, and can't stick to itself, preventing the problem of covered books binding to one another on the shelf.

Unifold Dust Jacket Sleeving

Unifold dust jacket sleeving is a highly durable and effective covering for hardcover books with dust jackets. Consisting of a plastic front and a paper backing, it forms a protective sleeve around the dust jacket and around the book ends, holding the cover securely in place. This style of book covering has been used for decades in libraries, bookshops and by private collectors.

Manufactured on our premises, we take the utmost care in providing a product we feel is second to none in quality. Your satisfaction with this product is guaranteed.

48mm x 25M	\$12.00 ea.
72mm x 25M	\$19.00 ea.
100mm x 25M	\$24.00 ea.

Self Healing Cutting Mats

Perfect for book covering, scrapbooking, dressmaking, arts & crafts and hobbies!

Self Healing Cutting Mats are an excellent way of protecting benchtops while cutting, and provide a cutting surface which allows more accurate work with a knife. A non slip base and surface helps to keep the item being cut steady. Grid marking and angle marking help with accuracy.

The self healing mat closes over the incisions made when cutting, and maintains a smooth work surface even after prolonged use.

Small (A3) 295mm x 450mm	\$ 15.50
Medium (A2) 450mm x 600mm	\$ 32.00
Large (A1) 600mm x 900mm	\$ 64.00

EAS Security Tags

Book / Magazine Security Tags

These security tags can be deactivated and reactivated with many security systems, and are fully compatible with a wide range of security systems including Tattletape™, Dialoc™ and Checkpoint™.

Double sided security tags are used in hardcover books, and are usually inserted into the spine of the book. Single sided security tags are best suited for paperback books, magazines and general article security purposes. Available in **Single** or **Double sided** adhesive.

Single Sided

Pack of 100	\$ 22.00
Box of 1000	\$115.00

Double Sided

Pack of 100	\$ 28.00
Box of 1000	\$260.00

CD / DVD security labels

One or Two security strips are incorporated into a clear protective label. When applied to the top of a CD or DVD, the label protects the disc against theft and physical damage. The label does not affect the usability of the disc, as the light weight of the strips does not cause the disc to go out of balance.

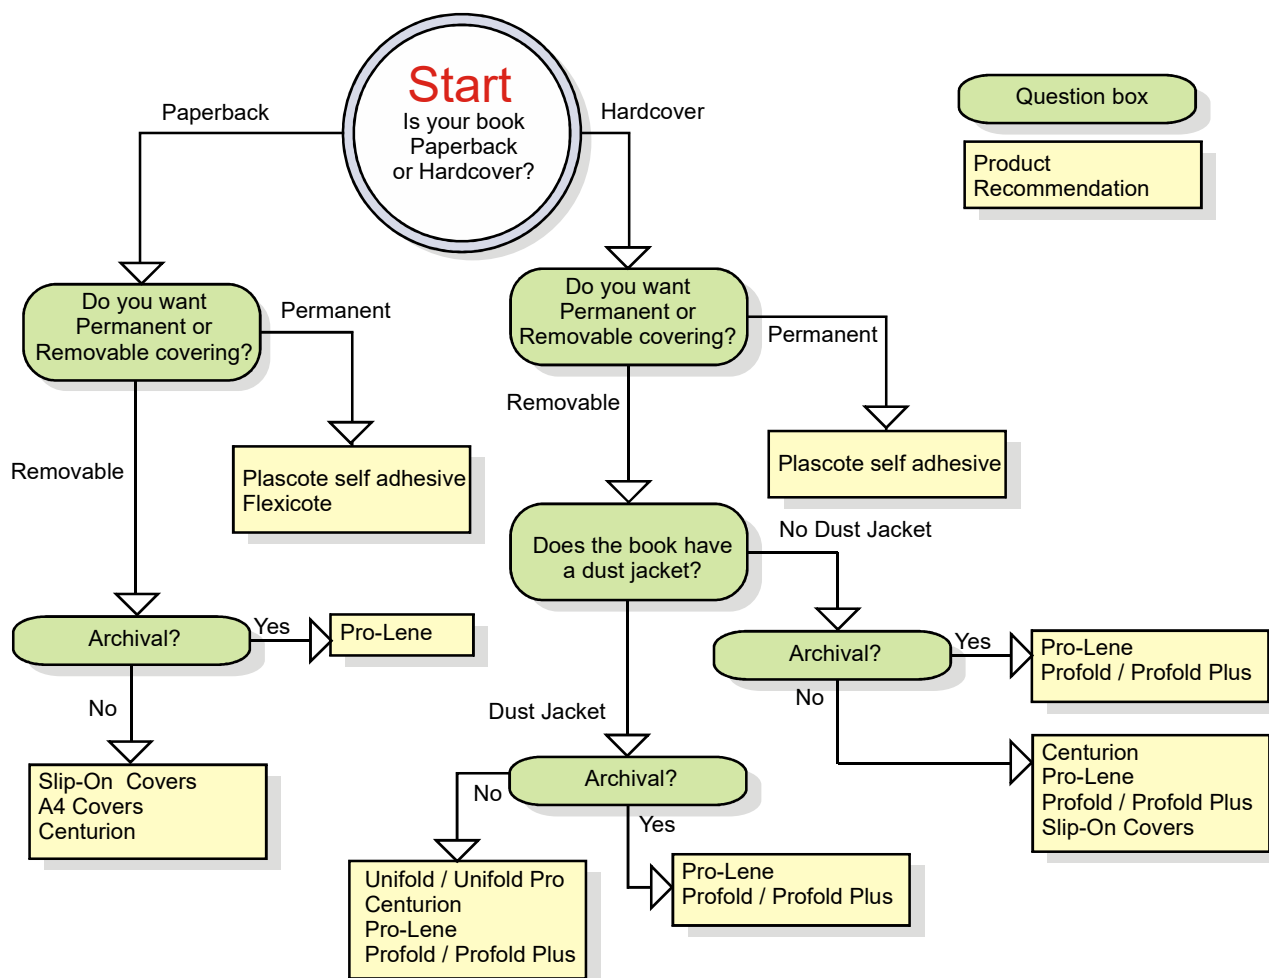

CD / DVD Security labels

Pack of 100

Single Strip	\$165.00
Double Strip	\$195.00

Which covering do I need?

Follow this flow chart to help decide what covering best meets your requirements.
If you're still unsure which product is right for you, please don't hesitate to contact us.

Definitions

Permanent / Non Permanent

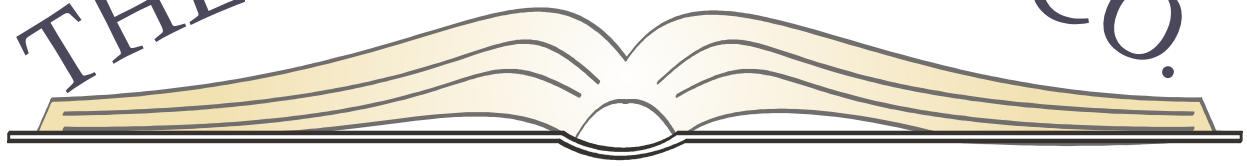

A permanent cover can never be removed from a book. A non permanent cover offers good protection, but can be removed or replaced if damaged.

Archival

Archival plastics are acid free, and generally only used on very valuable or delicate books.
